Hi Peter – Wonderful – Here is the mailing address info I mentioned.

This data is current to July 1, 2017.

Just an FYI - Please keep in mind that this data is copyrighted – and we ask that you do share this data. If you have to share it with a contractor, please let them know this data should be used only on this one specific project that you are working on.

Best of luck on your project,
Lisa

Thanks Lisa. The file came through!
Greatly appreciate the speed on this, it's going to be a big help.

Thanks again!

Hello Peter – Are you able to receive email attachments larger than 20 mb?

If so, I could email you the data. If not, I'd be happy to put the data on a DVD for you to pick up.

Question – do you also need property owner addresses? That I would have to give you in a separate excel file.

Jeanne,

If the request comes from the Federal government, we should wave the fees. Please pass this along to Lisa Casey. She should be able to help him.

Thanks,

John

Subject: Request for Parcel Data

Good Morning Jeanne,

Pleasure speaking with you this morning. As we had discussed, the U.S. Environmental Protection Agency (EPA) is conducting work in Niagara County and is interested in reviewing the parcel datasets (in GIS format) to assess property boundaries and to identify property owners. Understanding that the dataset for the entire county is large and that email transmission is not possible, I would be able to stop your office to provide an external hard drive to transfer the data.

In addition, in review of the data request form (please see attached), Niagara County typically charges a fee for the dissemination of its parcel datasets. EPA is a federal agency and is requesting that the fee for the digital dataset be waved.

Please let me know if you have any questions and need clarification on this request.

Best regards,

-Peter
